GLASGOW, United Kingdom - Glasgow Intlcars of budget reviews only mentioning: Pros: Fast and professional service to pick up and leave the car. was at the bottom of the front bumper and possibly already in the car before renting it. It was so low that I had to bow down to see it. Review July 10, 2019quick Exitpros: Quick Exitcons: We took three people asking where to leave the car. It's not a simple system. Review October 20, 2018 Robed again in Scotland.CONNS: I was ripped out again. The second time that happened to me in Glasgow, UK. At the end of the rent, I was charged by scratches on the edge of the wheel that I did not cause. All the wheels had scratches and scratches on them. The person checking me only looked at an edge and pointed out several scratches he said "new appearances". They charged me GBP 120.00 for the scratches and a GBP 55.00 fee for the "damage processing". That's ridiculous, I'm going to challenge these charges because I didn't drive half-wire or damage that edge. I just parked in the hotel parking lot and in the Costco parking lot, both of which had parking spaces and no half-wire. Review November 26, 2017Pros: The car itself was great. CONS: The site says the office is in the terminal. It wasn't. Just a walk. But still deceptive. The wait to get the car was long. It cost much more than the original quote. And the instructions for the fall were easily lost. I found more lucky than following the direction of the road. Review October 9, 2017Pros: The Peugeot 308 handled well and was large enough to feel comfortable for three people and luggage. We run for two weeks in England and Scotland. The Glasgow airport team had knowledge and friendly, although the service was a bit slow due to many customers.We found the team to be incredibly pleasant. The car itself was the same. Cons: The rent was much more expensive than what was announced and the bill that came later was very difficult to understand. They press you to add insurance and then increased taxes and fees you know about. The bill was about 25% more than we were expecting. Very frustrating ... and expensive. Published on April 25, 2017 representative was very much for us: our flight was late, so they gave our car. However, the working person helped us get a good replacement from the car. Cons: Our flight was late, so they gave our car. Posted on April 22, 2017 I had no car, extra fees for the first person I met seemed to be like it.) On site, despite having reserved weeks in advance. They gave us a car of 5 people, tried to tell us that it was better than the one we reserved and if we wanted the 7-seater we would have to return to the airport at night and I hope one would be ready. So they added extra rates to "necessary legal mother", saying that we were mentioned the wrong amount because we reserve on the US website (we have French drivers licenses). Disappoint. Published on April 21, 2017 Service to the terrible customer in Glasgowcons: a rude type. The woman in the parking lot lied about the non-gas tank. Published on January 8, 2017 Estimates online disloyal to the car: the car was clean and comfortable. Glasgow airport is quite simple to get in and out of the car rental area. Cons: Left and Right Upswing - Apparently pre-purchasing, Kayak insufficient insufficient. Also some like the model car that we were updated to not have GPS then an additional cost. The reserve was by online, the final expenses were almost \$450! An International Driving Permission (IDP) may be required by foreign leaseholders, although this usually does not apply to customers from Canada, Australia, New Zealand and the United States. Budget, at Glasgow Airport, you can tell him if you're going to need an IDP. Additional drivers can be added to your rental agreement as long as they meet the same requirements as the main hirer. The main hirer must have a main credit card is your name to pay for the rental, and the following cards are accepted by Budget: Budget Charge Cards, American Express, Diners Club, Mastercard and Visa. The Visa Electron Card cannot be used for payment. Certain categories of cars, for example, 'H', also require two large credit cards in the name of the primary hirer. Medium-sized cars are often a popular choice for renters, as they offer some space and are still fuel efficient. They also usually have competitive rental rates. Average budget size vehicles include amenities such as air conditioning, electric direction, cruise control, electric windows, double airbag protection, rear defrost, anti-lock brakes and remote keyless entry. High-occupation vehicles are also offered by Budget, such as the Ford E350, which can accommodate up to twelve people. This type of vehicle is an excellent choice for groups of friends who wish to travel together. Extra facilities for vehicles of this size can include map lights, V8 engines and anti-lock brakes. A vehicle that can accommodate up to eight people is the Ford Expedition EL, with amenities such as satellite radio, Bluetooth / SYNC and keyless input. Ford Expedition and Ford Explorer are examples of vehicles that can accommodate up to seven people. There are also vehicles in the Minivan category, byFord freesture, with capacity for seven passengers.
